

WILL YOU
WEAR IT OUT?

1

Stick up the washing line and attach 6 pegs to it. Take 3 pieces of paper or card and on each one write one thing that you think people see when they look at you. Below each one, write down an item of clothing that you think fits with this thing people see. Describe as much as you can about it – colour, size, fabric, where you might have got it from.

2

On the other 3 pieces of paper or card, write down one thing on each one that you'd like people to see when they look at you. Think of an item of clothing that fits with each of these things and write them on the paper too.

3

Hang all the pieces of paper on the washing line with the pegs. Write down what it feels like to try each of these items of clothing on. Decide which ones you're going to wear, and write down what you'll do with the others – bin them, burn them, bury them, give them away – it's up to you!
