

Cloud Raps

1

Wait for a day with blue skies and fluffy white clouds.

Find a comfy spot. Look at the clouds as they move.

What do they look like?
A wave, a face?

I looked up and made a rap!
Can you?

2

Here's my rap!

Is it the sea – with a giant wave
Or a hand - calling me to play
Clouds go by – on a sunny day
I look right up - and stare and say
iii – maaa – gi - nation – the sky goes by
iii – maaa – gi - nation – cloud art so high

What's yours?

3

Add a body rhythm

For example: Stamp, Stamp, Clap

Cloud Art

1 Put on some slow relaxing music. Listen to your breathing.

Look up to the sky.

Draw the clouds you see.

What shapes do they make?

A cat or a dinosaur?

2 Make a list of words that describe the clouds.

Put your words into your cloud drawings.

Use the words to write a poem.

Read the poem with a soft rhythm.

3 Here's a soft rhythm example:
Clap, clap, tap leg

But you could create your own.
